

# Talk in the Park

## The Smart Energy Office Challenge

GWL Realty Advisors is proud to announce its participation in the "Race to Reduce" to green Toronto. With Tenant support our goal is to reach a 10% reduction in energy consumption at Toronto College Park. For more information or to sign up please visit [racetoreduce.ca](http://racetoreduce.ca). College Park will be posting more information, advice and results on the [collegepark.com](http://collegepark.com) website as we move forward.

## Fresh Food, Custom Built

Try the best tasting combinations as voted by you! at Freshii. With mouth watering and inspired wraps and salads; the **Social Menu** remains a delicious and healthy lunch and catering option. Try a Mango Tango Grilled Wrap or a late Summer Blue Salad. Get your "Fresh Food, Custom Built ©" today. Visit **Freshii** at College Park for more information.

## Discover Fall Lattes

As the early autumn mornings become crisp and you can see your breathe its time to discover the new **fall lattes** at Timothy's. Starting September 7, 2011, ward off the chill in the air with a cozy Apple Chai Latte or a Chocolate Pumpkin Spice Lattebene, made with 100% Rainforest Alliance Certified coffee. For over 30 years Timothy's has been your source for socially and environmentally responsible coffee. Check [Timothyscafe.com](http://Timothyscafe.com) for delicious deals that are good for you and the earth.

## Are You Ready?

September is National Preparedness Month. With the annual full building evacuation drill, held in August, College Park's tenants are well prepared. Participation in the drill by occupants was excellent as was the feedback provided through the floor wardens. We would like to thank everyone who took part. Should you have any questions please check out the **Floor Warden** manual available on the **College Park** website or contact the management office. As part of National Preparedness month GWL Realty Advisors is preparing to launch the online tenant floor warden information service.

## Habitat for Humanity

In May, members of the College Park management team joined other Toronto GWL Realty Advisors staff in helping construct a Scarborough home for a family in need during the annual Habitat for Humanity build days. Habitat has been helping families beat the poverty cycle in Canada since 1985 and GWLRA has been a proud supporter for many years. For more information about how you can get involved visit the [Habitat for Humanity](http://HabitatforHumanity) website.

## From Station to Station. Take. Ride. Return

**BIXI Toronto** is a public bike system. It's the bike that's really an alternative means of urban transport. The system is accessible to everyone, 24 hours a day, 7 days a week, 12 months a year. College Park is pleased to have two Bixie Bike stations in close proximity to the mall. Pick up a bike at Bay Street at Hayter Laneway, tour the city and drop it off on Yonge Street at Granby Street.

## Under Construction

Construction has begun in the College Park courtyard. The planned 10-week long project will require the temporary closure of the accessible ramp. Patrons requiring use will be directed via posted signage to use other access points.

The façade work, requiring scaffolding, on College Street will continue into the fall. We thank our patrons for their patience during this necessary work. Please note the scaffolds will soon be moved to the east end of the building by the 7 College Street entrance. This move is not expected to affect the streetcar access.

## Shop the Park this Labour Day

Looking forward to autumn? With the end of the summer holidays upon us and the kids getting ready to go back to school; life suddenly becomes hectic again? Grab last minute school items at College Park. The retail mall will be open for **Labour Day** (Monday, September 5, 2011) from 10am-6pm.
